

ADVERTISE WITH US!

Advertising with The Italian Chamber of Commerce in Hong Kong means getting your message across to the people who do business in Italy, Hong Kong, and mainland China. We utilize a number of channels to effectively communicate with our members at large, including our E-newsletter, our annual Membership Directory, and our internet website that reach beyond our members to a wide and receptive audience in both Italy and Hong Kong.

Advertising opportunities are also available through the sponsorship of popular and high-profile Chamber events such as our annual “Italy: Quality and Lifestyle” and various other social gatherings.

If you are interested in advertising contact us for more information at

icc@icc.org.hk

or go to the “[Our Services](#)” section of our website to see the rates.
