12:30 pm - 2:00pm Chinese General Chamber of Commerce in Hong Kong and Macao

The Italian Chamber of Commerce in Hong Kong & Macao, together with the Chinese General Chamber of Commerce in Hong Kong, is organizing a Luncheon Seminar: "The Milestones in Italian Design", which will be held at the Chinese General Chamber of Commerce on September 15<sup>th</sup>, starting at 12:30pm.

Our guest speaker will be Mr. Stefano Tordiglione, Creative Director at ST Design. Stefano Tordiglione before opening his own company ST Design, which is based in Hong Kong, worked for international design companies, both in Hong Kong and overseas. He also worked as Project Coordinator for worldwide known Fashion Brands. It's also worthy to mention the fact that he worked for UNICEF as Project and Art Director in several international events organized in Italy.

An introduction to the Italian Design will be given by Mr. Tordiglione through a series of images. He will explain why a certain product is the result of a much more complicated and refined way of creating items of common use and why Italian Design is related to the need to express beauty.

The price will be 250HKD for members and 300HKD for non members.
